VICE CHANCELLOR'S MESSAGE

Jamia Millia Islamia, A++ Grade Central University by NAAC came into existence when two national movements gravitated together. One was anti-colonial activism known as the 'Khilafat Movement' and the other was pro-independence movement namely the 'Non Cooperation movement. Jamia's legacy is rich and illustrious.

In the last few years, Jamia's ranking has risen in all parameters of national and international assessments. In the second cycle of NAAC assessment in 2021, Jamia received A++ grade and was placed at 3rd position in the universities category ranking by NIRF. In Global ranking by times Higher Education (UK) and QS Ranking, Jamia ranked between 600-800.

JMI is an ensemble of a multi-layered educational system which covers all aspects of schooling, under-graduate, post-graduate, Ph.D. and post-doctoral education. With 10 faculties of learning, 39 teaching and research departments, over 30 centers of learning and research, 190 courses, approximately 800 faculty members and more than 20000 students, we attract the brightest young minds from all over the country. They use the creative space of JMI to actualize their potential.

During the Pandemic Covid-19 situation, JMI could establish online automation system for student related affairs. This entailed regular engagement of teachers and students through online mode of teaching and learning process. The staff of the Office of the Controller of Examinations worked hard towards timely conduct of examinations and declaration of results which made our students eligible for getting job opportunities at National and International level.

Jamia marches ahead to attain its mission by blending contemporary knowledge with required skills and values to groom high caliber thinkers who are morally upright and physically sound, ready to take up challenges confronting the present society and prove to be productive individuals in ever changing knowledge society.

I would like to congratulate Deans of Faculties, Head of Departments, Directors of Centres, Faculty members, all stake-holders of JMI, the members of prospectus committee, on their successful preparation and launch of the prospectus for the academic session 2023-24. I wish that Jamia Millia Islamia is able to attract promising students from every nook and corner of India and abroad and offer them ever better facilities. Significance of the Logo

Right on the top is a star with the inscription - Allah-O-Akbar. When in dark nights poor travellers have to travel jungles and there is no one to show them the way, they chart their course with the help of stars. The star of Allah–O-Akbar is the guiding star of Jamia. Its eyes are fixed on this star which shows it the path in the darkling world. It reflects the truth that Allah is the greatest and he who bows his head before Him only, discovers the truth. Having bowed before Him, how can the head bow before anything else? Beneath this glittering star is a book with the inscription, *Allammal Insaana Maalam Yalam* (Taught man that which he knew not). This is a verse from the Holy Quran. Through the Holy Quran, Allah has revealed His Will to His differences of caste, class, colour, of master and slave, and became true to His tenets. This book led from darkness to light, and placed the wayward and lost on the Straight Path. The Prophet made an example of his own life. By the light of his eyes and the warmth of his heart, He prepared a group of good persons who cleaned the world of evil and spread the Word of God. On both sides of the Book are two date trees typical of the land where God's last Prophet was born. They are symbolic of the barren valley in which nothing grew; but it was there that the sapling of din took root. These trees are emblems of hope from a land in which not a leaf or flower could sprout; but wherein suddenly the springs of hidaya (guidance) burst forth and drenched the communities of the heart. They are a source of consolation for people who became disheartened with adverse circumstances. Why do external factors make them lose hope?

At the very bottom is a tiny crescent which reads - *Jamia Millia Islamia* in Arabic. This crescent is small but just as it expands to become the full moon on the fourteenth night, so also Jamia. Meaning that this is the beginning of our work. It will expand to become the full moon and a source of delight for the eve of its beholder.
